
Primavera P6 Enterprise Project Portfolio Management Essentials

CIS - Certified Implementation Specialist Oracle Certification

Kind attention all End Users, Project Manager, Business Analysts, Functional Implementer, Planning Professionals, Planner, Planning Coordinators, Planning Engineers, Planning Managers and all Project Team Members...

Primavera P6 Project Management Specialization for individuals selling and implementing Project Management solutions. The Specialization will include topics such as: Project Structure, Organizational Breakdown Structure, Data / Coding Libraries; Global and Project Security Profiles; Create and Maintain Project Data; Schedule Management and Analysis, Group and Sort Data, Filters, Roles, Resources (labor, non labor and material); Project Budgeting and Cost Management, Project Portfolio Management; Resource Management, Baseline Management; Project Execution and Control, Project Performance Reporting.

This certification is available to all candidates but is geared toward members of the Oracle Partner Network. OPN Members earning this certification will be recognized as OPN Certified Specialists, which helps their companies qualify for the Primavera P6 EPPM Specialization.

What you will learn?

This course provides hands-on training for Primavera's client/server-based solution, leading participants through the entire project life cycle, from planning to execution. Topics include adding activities, assigning resources, and creating a baseline. Participants also gain a thorough background in the concepts of planning and scheduling.

All workshops and instruction stress the three basic elements of project management: schedule, resource and costs.

Professional Development and Continuing Education Units: Earns 24 PDUs for your current Credentials

Participants will learn to:

- Create a project
- Add activities
- Schedule a project
- Assign resources
- Adjust project schedule
- Create reports
- Manage multiple projects
- Create a project
- Create a Work Breakdown Structure
- Add activities
- Maintain the project documents library
- Create relationships
- Schedule the project
- Assign constraints
- Format schedule data
- Define roles and resources
- Assign roles
- Assign resources and costs
- Analyze resources
- Optimize the project plan
- Execute the project
- Report performance

Certification Exam Details:

This is an option, is willing to get the certification from Oracle as CIS – Certified Implementation Specialist.

Exam Version: Primavera P6 Enterprise Project Portfolio Management, **Exam No.** 1Z0-535

Exam Fee: \$245

Duration: 105 minutes, 70 Multiple Choice Questions

66% passing Score.

This exam has been validated against 6.2.

Course Contents:***Data, Navigating, and Layouts***

Describe enterprise and project-specific data - Log in - Open an existing project
Navigate in the Home window and Activities window - Open an existing layout -
Customize a layout - Save a layout

Enterprise Project Structure

Describe the components that comprise the Enterprise Project Structure - View the EPS

Creating a Project

Create a project - Navigate in the Projects window - View and modify information in
Project Details - Creating a Work Breakdown Structure - Define a Work Breakdown
Structure - Create multiple levels of a WBS hierarchy

Adding Activities

Describe an activity and its components - Describe activity types - Add activities - Add a
Notebook topic to an activity - Add steps to an activity - Assign activity codes to
activities

Creating Relationships

View a network logic diagram - Differentiate between the four relationship types - Create
relationships in the Activity Network - Create relationships in Activity Details

Scheduling

Perform a forward and backward pass - Describe float and its impact on a schedule -
Identify loops and open ends - Calculate a schedule - Analyze the scheduling log report

Assigning Constraints

Apply an overall deadline to a project - Apply a constraint to an individual activity - Add
notebook topics to constrained activities - Describe the available constraint types

Maintaining the Project Documents Library

Describe the difference between a work product and a reference document - Create a document record - Link the document record to a project document or work product - Assign the project document to an activity or WBS

Formatting Schedule Data

Group activities according to a specific criteria - Sort activities - Apply a filter - Create a filter

Roles and Resources

Describe roles - Views the roles dictionary - Describe resources - Identify the differences between labors, non-labor and material resources - View the resource dictionary

Assigning Roles

Assign roles to an activity - Assign rates on roles

Assigning Resources and Costs

Assign resources by role - Assign labor, non-labor, and material resources to activities - Adjust Budgeted Units/Time for a resource - Assign expenses to activities

Analyzing Resources

Display the Resource Usage Profile - Format a profile - Format the timescale

Optimizing the Project Plan

Analyze schedule dates - Shorten a project schedule - Analyze resource availability - Remove resource over-allocation - Analyze project costs

Base-lining the Project Plan

Create a baseline plan - Display baseline bars on the Gantt Chart - Modify the bars on the Gantt Chart

Project Execution and Control

Describe several methods for updating the project schedule - Use Progress Spotlight - Status activities - Reschedule the project

Reporting Performance

Describe reporting methods - Run a schedule report - Create a resource report with the Report wizard - Create a time distributed report - Create a report using the current layout

Project Web Site

Create and launch a project Web site - Customize the appearance of a project Web site - Publish activity layouts as HTML pages

Value Added benefits:

Kindly visit our institute to check our facilities and services. You can meet our faculties during your visit also you will be get 10% discount on spot registrations (conditions apply). Or kindly give an appointment to meet and explain you the complete details.
